SUMMARY

Aspiring Software Developer with foundational knowledge of Java, Data Structures and Algorithms, and web development principles. Experienced in developing integrated full-stack web applications using React, Node.js, and MongoDB through academic and personal projects. Familiar with secure authentication, payment integration, REST APIs, and collaborative project delivery. Actively practicing problem solving on LeetCode and eager to contribute to real-world applications in an entry-level software developer role.

WORK EXPERIENCE

InterviewIQ.AI

Mar 2026

- Built an AI-powered interview platform using MERN with Firebase Authentication and secure user sessions.
- Developed AI-based resume and role-specific interview generation for personalized technical and HR questions.
- Created an interview dashboard with resume upload, answer evaluation, analytics, and interview history
- Integrated resume upload, AI interview generation, analytics, and authentication modules into a single end-to-end application with secure user session management.

Eco Mart- E-Commerce Webste

Jan 2026

- Engineered full-stack MERN e-commerce platform with secure JWT authentication.
- Implemented product search, filtering, cart, wishlist, checkout, payment integration
- Developed admin dashboard to manage products, users, and orders.
- Integrated payment gateway, authentication, product management, and order tracking into a secure full-stack e-commerce workflow.

Job Oriented Value-Added Course, Gla University, Mathura

Trainee

BhumiSetu

Jul 2025 - Aug2025

- Developed BhumiSetu, a MERN stack based web application for land record management and user interaction..
- Collaborated with a cross-functional team to deliver the engineering project on time.

Portfolio Website

June 2025

EDUCATION

Bachelor of Technology in Computer Science, Gla University, Mathura, 8.26CGPA

Intermediate Roy Vidhya Vihar Sec School 85.6%

High School Roy Vidhya Vihar Sec School 80.4%

Hard Skills

Programming Languages: Java (Current), Python (2024–2025), Data Structures & Algorithms

Web Technologies: MongoDB, Express.js, Node.js, React, HTML, CSS, JavaScript

Security & Tools: JWT Authentication, Firebase Authentication, REST APIs

Version Control: Git, GitHub

Soft Skills

- Problem Solving
- Communication Skills
- Team Collaboration
- Adaptability, Continuous Learning

Co-Curricular Activities

- Coordinated SRIJAN (Cultural Fest, GLA, September, 2024).
- Participated in MAITREE (Sports Fest, GLA, October, 2024).

Certifications & Training

Oracle Cloud Infrastructure with AI Fundamentals

Java Certificate

National Level Hackathon Participant
